5 gallon cube #D4517-cube

55 gallon drum #D4517

Slip Ease 2000

Environmentally friendly and Bio-Based formula forms a film to inhibit asphalt from sticking to most surfaces. This product will not clog spray nozzles when applied. Spills are not CERCLA reportable. Ready-to-use or dilute 1 part product up to 20 parts water. Contains "Bio-Based" ingredients using renewable, natural resources. Product is NYSDOT-approved as a "Release Compound for Asphalt Mixes".

4x1 gallon case #D4520

Consistent with one of Liberty ARC's non-profit mission points, to empower individuals with disabilities through vocational and supported employment, Liberty Enterprises nurtures individuals by providing a work environment that fosters opportunities and excellence for the people we support and the customers we serve. www.libertycleanproducts.com

A core value of our organization is sustainability. The third party green certification of Enviro Care® products underscores the long-term commitment to environmental stewardship of Liberty Enterprises and our dedication to being a sustainable partner with our customers. Green certification from EcoLogo™ and Green Seal® are your assurance of environmental responsibility.

NYSID is a New York State Preferred Source organization that exists to create job opportunities for New Yorkers with disabilities. We partner with over 150 New York-based entities like Liberty Enterprises, and together, we create over 6,000 jobs annually.

When state and local government agencies purchase NYSID products and services, they know:

- There is no need to go out to bid
- Prices have been approved by OGS
- Products can be ordered securely online
- Business service needs are negotiated to exact customer needs
- Purchases create jobs for New Yorkers with disabilities

EcoLogo™ is one of the industry's most respected green certifications. It represents a holistic approach in regards to the impact the products have on the environment.

Green Seal™, the mark of environmental responsibility, says that the product has been tested according to science-based procedures, that it works as well or better than others in its class, and that it has been evaluated without bias or conflict of interest.
