

PURELL® Instant Hand Sanitizer FST™ Bottle

Because your job is DANGEROUS ENOUGH.

Wherever your job takes you, germs that may cause illness will be there. Now PURELL can be too.

PURELL® FST™ is a fist full of protection against germs that may make you sick.

PURELL® kills 99.99% of most common germs that may make you ill, in as little as 15 seconds. Use it wherever your mission takes you.

The new standard in personal hand hygiene packaging for first responders.

Designed for use in both tactical and non-tactical environments – where germs go, your FST goes, too.

Front

- Built tough enough for field use
- Flexible, lightweight design fits pockets or pouches
- Special side grips for easy one-handed dispensing

Problem:

Risk of unknown catastrophic illness

- Frequent contact with high risk population
- High likelihood of contact with bloodborne pathogens or body fluid
- No immediate access to soap and water

Solution:

Proper use of PPE, hand hygiene and education

- Use PURELL® Instant Hand Sanitizer FST™ Bottle – sanitizes and refreshes hands; fits in cruiser door pocket
- Carry PURELL at all times as part of your Personal Protective Equipment (PPE)
- Use PURELL after: replying to a call, using the bathroom, touching any contaminated surface, sneezing, blowing nose or coughing

**Don't put yourself at risk.
Because your job is DANGEROUS ENOUGH.**

Adopt the PURELL Standard.
"Carry it. Use it. Always."

The GOJO Program helps you meet regulatory guidelines and standards.

The Occupational Safety and Health Administration (OSHA) requires that employers make hand sanitizer available to employees with potential bloodborne pathogens contact. PURELL is available in unique packaging designed for officers on the job.
